BUREAU CIRCULAR NO. 708

To All Members of the Bureau:

Re: **UNIT STATISTICAL PLAN FINE SCHEDULE**

When Unit Statistical Plan changes related to the Advisory Statistical Work Group (ASWG) were filed in Delaware in 1995 (reference Bureau Circular No. 682), the amendments proposed to the Unit Statistical Plan included revision to the existing schedule of Plan fines. It has recently come to the attention of the Bureau, however, that members were not given specific notice of the approval of the revised fine schedule by the Delaware Insurance Commissioner, and further that Bureau systems were not updated with the revised fines upon such approval.

The Bureau is mindful that all members must comply with the approved Unit Statistical Plan, including the applicable fine schedule for late reporting. The Bureau also wishes to provide ample notice to members of changes such as the revision of unit fines so that members may address any temporary or unusual reporting problems in advance of any change in the applicable fine schedule. Accordingly, and with the approval of the Insurance Commissioner, the Bureau is hereby announcing that, effective for unit statistical reports which first become due on or after January 1, 1999 (regardless of report level), Unit Statistical Plan fines will be revised as shown below:
