**DCRB CIRCULAR NO. 874**

To All Members of the DCRB:

Re: **EXPERIENCE MODIFICATION CALCULATOR**

The DCRB is pleased to announce the availability of the Experience Rating Calculator on our website, [www.dcrb.com](http://www.dcrb.com). This tool allows users to construct experience records (exposures and loss histories) for real and/or hypothetical risks and produces experience modification factors based on those inputs.

We are excited to provide this additional resource toward improving public understanding of Delaware's workers compensation experience rating calculations.

The Experience Modification Calculator is located within the DCRB's Application Login under "Experience Modification Calculator." If you have not previously registered to access the Application Login, you will be required to do so in order to use the Experience Modification Calculator. Like other portions of the DCRB's website, the Experience Modification Calculator is available at no charge, but the login information is required so that we can communicate with users of any of the tools resident within the Application Login if the need should arise.

Before undertaking any experience modification calculations, we suggest that you review the Help Guide for using the Experience Modification Calculator. Questions or comments related to the Experience Modification Calculator should be directed to Betty Ann Campbell, Director – Rating Rules & Policy Reporting, at Extension 4425 or [bcampbell@dcrb.com](mailto:bcampbell@dcrb.com).
