DCRB CIRCULAR NO. 906

To All Members of the DCRB:

RE: COMPENSATION DATA EXCHANGE (CDX) SINGLE SIGN ON

The DCRB is pleased to announce the introduction of a Single Sign On (SSO) environment for CDX. This environment is specifically designed to allow CDX users to log in to the CDX website (www.accct.org) and to securely gain access to participating data collection organizations (DCOs) websites, such as the DCRB's, without being prompted to log in again at each of the independent DCO websites. SSO functionality allows users to spend less time re-entering user IDs and passwords. SSO also reduces user ID/password fatigue from having to remember multiple user name and password combinations.

Users must have active accounts on both the ACCCT CDX and the DCO's website in order for a trusted relationship to be established.

Access to SSO is provided through ACCCT's CDX website. Simply log in to the ACCCT CDX website and in the top right hand corner click on the link that reads "Log In to DCO". Users can select Delaware from the list of participating DCOs. You will then be prompted to enter your DCRB Application Logon credentials. The application will then pass authentication information to the DCRB and establish a trusted relationship.

For more information, please contact DCRB Central Support at (215) 320-4933, or at centralsupport@dcrb.com, or refer to the CDX User's Guide for further instruction.

Bonnie Piacentino
Vice President of Data Management
