**RE: DCRB Filing No. 2109 – Proposed Effective December 1, 2021
Manual Housekeeping Revisions to Sections 2 of the Basic Manual**

Dear Commissioner Navarro and Deputy Commissioner Merced:

On behalf of the members of the Delaware Compensation Rating Bureau, Inc. (DCRB), we hereby submit a proposed filing for revisions to the DCRB Workers' Compensation Manual of Rules, Classifications and Rating Values for Workers' Compensation and Employers Liability Insurance (Basic Manual). These revisions are proposed for policies with effective dates of 12:01 a.m., December 1, 2021 or later. This proposed effective date is intended to make implementation of these changes concurrent with DCRB's normal annual comprehensive residual market rate and voluntary market loss cost filing, recently filed with the Department of Insurance. This coordination consolidates necessary changes that our members and other constituents must make to policies, forms and systems so that they occur once annually. Nothing in the proposed Basic Manual language housekeeping revisions will impact any classification's residual market rate or voluntary market loss cost value.

Details of this filing are provided in DCRB's June 9, 2021 staff memorandum, which is included in this filing. The memorandum describes the proposed revisions to the Basic Manual language. These proposals are intended to assist in the administration of the DCRB's uniform classification plan and do not revise the scope of any classification. The memorandum and proposals were reviewed by the DCRB Classification and Rating Committee at the Committee's June 9, 2021 meeting.

The proposed Basic Manual language housekeeping proposals are summarized below:

- Section 2 – Revision to the “All Employees Including Office Except Workfare Or Home Health Care And/Or Home Care Services” entry from the “Definitions” section for clarification.
- Section 2 - Revisions to 19 classification descriptions.
- Section 2 – Revisions to the “Nursing Home, Personal Care Home And Residential Care Facility Classification Guidelines entry from the General Auditing and Classification Information section for clarity.
- Underwriting Guide – Addition of 4 new Underwriting Guide entries, revisions to 2 existing Underwriting Guide entries, and deletion of 5 Underwriting Guide entries.

The Honorable Trinidad Navarro
State of Delaware

Thank you in advance for your review and attention to this filing. The DCRB will be pleased to answer any questions you or the Insurance Department staff may have regarding these proposals.

Sincerely,

RE: Proposed Manual Language revisions to Sections 2 (Housekeeping)

The proposals discussed in this memorandum are intended to make the Manual language clearer and less ambiguous. The proposed revisions clarify existing classification procedures and update certain classification descriptions in order to align the language used with that in other Manual provisions and/or to recognize ongoing technological or industrial changes. Language changes and/or additions are underlined while language deletions are crossed out.

The Section 1 and Section 2 revisions are provided below. None of the language revisions will impact any classification's proposed December 1, 2021 DCRB loss cost or Residual Market rating value. The DCRB recommends that all Section 1 and Section 2 language revisions proposed herein become effective December 1, 2021.
