BUREAU CIRCULAR NO. 690

To All Members of the Bureau:

Re: **JULY 1, 1997 RESIDUAL MARKET RATE AND VOLUNTARY MARKET
LOSS COST FILING**

Please be informed that the Bureau has submitted a filing of revisions to Delaware's Residual Market Plan, loss costs, related rating values and amendments to the classification with a proposed effective date of July 1, 1997. That filing, No. 9702, proposed an overall increase in collectible rate level of 17.41 percent for the Residual Market Plan and an overall increase in collectible loss costs of 28.51 percent.

Policies issued with effective dates on and after July 1, 1997 must be qualified as carrying tentative rates and the Pending Rate Change Endorsement is to be used for this purpose. Note that such policies issued at current rates or on a "to be determined" basis must be endorsed subsequently with the new carrier rates.

Filing Package

The Bureau will be distributing one copy of the complete filing package to the workers compensation product manager of the "lead" carrier (based on premium) of each member group. The mailing process should deliver filings to all carriers during the week of June 9, 1997. Companies are encouraged to make copies of the various portions of the filing package as needed for distribution to the appropriate individuals within their group. The Bureau is not equipped to print or process requests for additional copies from all its members.

Attached for reference is a table of current and proposed residual market rates and voluntary market loss costs with proposed percentage changes by classification.
