30 South 17th Street • Suite 1500 Philadelphia, PA 19103-4007 (302) 654-1435 (215) 568-2371 FAX (215) 564-4328 www.dcb.com

January 31, 2020

To All Members of the DCRB:

# Re: FINANCIAL DATA INCENTIVE PROGRAM

Pending approval of the Governing Board, a Financial Data Incentive Program (FDIP) will apply to selected Delaware financial data submissions of 2019 experience to be reported during 2020. This continues DCRB practice each year since the FDIP's initial implementation in 1997.

The FDIP for 2019 experience covers the following data submissions:

Acknowledgement Form Statutory Page 14 Policy Year Call #1 Calendar Year Expense Data Call #2 Large Claim Call #4 Net (As Written) Large Deductible Call #8 Gross (First Dollar) Large Deductible Call #9 Assigned Risk Policy Year Call #12 Catastrophe Experience Call #15

# The most significant changes to the program are as summarized below:

 Call #1 will collect underwriting experience for 30 full policy years (1989-2018) and for the incomplete Policy Year 2019 valued as of December 31, 2019. Experience for all policy years prior to 1989 will be accumulated and shown as one line in the Call. Note that experience for Policy Year 1988 and all policy years prior to 1988 was shown separately as of December 31, 2018, and experience for those lines will be combined for proper reporting of data as of December 31, 2019.

For Calls #8, #9, #12 and #15, the expansion will continue each year until 30 full policy years, along with the incomplete policy year associated with the current reporting year, are captured.

• Validation criteria used to evaluate premium and loss development, claim severity, claim frequency and loss ratios have been strengthened.

Additional changes have been made to the FDIP for 2019 experience in the interest of clarity and to reflect mechanical changes in the Call forms to which the FDIP applies.

The most significant aspects of the program are as summarized below:

- All Calls and Forms must be submitted through the FDRA which is an Internet-based system for the capture of Financial Data.
- For <u>late reporting</u> purposes, The Acknowledgement Form, Statutory Page 14, Calls #1, #4, #8, #9, #12 and #15 as a group will be treated as a single entity. Call #2 will be treated as a second, separate entity.
- An assessment of \$50 per business day per entity will be imposed for late submissions. Imposition of late submission charges could be applied for submission of calls after the due date, failure of Preliminary Edits and incomplete submissions. Late submission assessments will be subject to a cumulative maximum of \$5,000.
- For <u>edit</u> purposes, Calls #1, #2, #4, #8, #9, #12, #15 and Statutory Page 14 will be treated as one single entity.
- For edit purposes, any documents which have not been received when the DCRB attempts to perform the program edits will be treated as being in error. In such case no further <u>late reporting</u> assessments will be charged, but edit charges will begin to apply.
- <u>Basic</u> edit errors will be subject to a Financial Data Error Assessment Schedule which will include a flat fee component and a component which reflects a carrier's market share. The assessment schedule applies for a maximum period of 55 business days with the fine for the first ten business days equaling zero (in effect providing a ten-day grace period).
- <u>Actuarial</u> edit criticisms will allow a ten business day period for the carrier to respond before being subjected to the Financial Data Error Assessment Schedule described above. If the carrier satisfactorily responds within that time frame without the necessity for resubmissions, no actuarial edit assessment will be imposed.
- For Calls #1, #2, #4, #8, #9, #12, #15 and Statutory Page 14, all resubmissions received after the due date will be subject to a \$100 per entity charge.
- Total FDIP assessments for a carrier or group of carriers will be subject to a maximum of 50 percent of the carrier's Annual Statement Delaware Workers Compensation Direct Written Premium for the calendar year <u>immediately preceding</u> the data reportable in the latest Calls.
- If a carrier group elects to submit separate Calls for individual carriers within their group or to submit separate Calls for subsets of the carriers comprising their entire group, each separate Call submission will be treated separately for all purposes of the FDIP. Thus, carriers are encouraged to consider potential ramifications of the FDIP in deciding on the basis (carrier, group or subgroup) to be used in reporting their data.

 Incomplete resubmissions and/or responses (i.e., those which do not address all failed edits or inquiries previously identified by the DCRB) or resubmissions and/or responses which can be determined based on a cursory review not to satisfy the failed edits or inquiries previously identified by the DCRB will not stop the accrual of assessments from the date of the previous DCRB notice letter.

### Due Dates:

The Acknowledgement Form, Statutory Page 14 and Calls #1, #4, #8, #9, #12 and #15 are due to be reported on or before March 16, 2020. Call #2 is due on or before April 15, 2020.

A complete updated copy of the 2019 FDIP is enclosed and may also be accessed via the DCRB's website at www.dcrb.com.

## DELAWARE COMPENSATION RATING BUREAU, INC. FINANCIAL DATA INCENTIVE PROGRAM

# I. INTRODUCTION

For Calls received in 2020, the DCRB is again applying the Financial Data Incentive Program (FDIP). This continues DCRB practice each year since the FDIP's initial implementation in 1997. This program recognizes the critical importance of the DCRB receiving quality financial data on time so that it can be used in support of filings made with the Delaware Department of Insurance. In addition, this program is intended to more equitably allocate costs to the DCRB associated with late or inaccurate data submission.

In order to assist carriers in reporting their financial data in a timely and accurate manner, the DCRB will require that all carriers report Forms and Calls using the Financial Data Reporting Application (FDRA). The FDRA is an Internet-based system that allows carriers to enter, edit and submit Forms and Calls interactively. The FDRA provides carriers with immediate feedback for failed edits and provides carriers with a central record of all data submitted.

# **II. APPLICATION**

The FDIP will apply to the following Forms and Financial Calls, all of which are reportable within the FDRA.

Name	Due Date
Acknowledgement Form	March 16, 2020
Statutory Page 14	March 16, 2020
Policy Year Call #1	March 16, 2020
Calendar Year Expense Data Call #2	April 16, 2019
Large Claim Call #4	March 16, 2020
Net (As Written) Large Deductible Call #8	March 16, 2020
Gross (1st Dollar) Large Deductible Call #9	March 16, 2020
Assigned Risk Policy Year Call #12	March 16, 2020
Catastrophe Experience Call #15	March 16, 2020

For purposes of determining fees for late submission and resubmissions, the Acknowledgement Form, Statutory Page 14, Calls #1, #4, #8, #9, #12 and #15 will be treated as a single entity. Similarly, Call #2 will be treated as a second, separate entity. For purposes of determining fees for data errors, Calls #1, #2, #4, #8, #9, #12, #15 and Statutory Page 14 will collectively be treated as one entity. The Acknowledgement Form will not be subject to error assessment or resubmission fees.

### **III. GENERAL INFORMATION**

Under the program, assessments will be levied on carriers for Forms and Financial Calls that are not transmitted via the FDRA on or before the required due date(s). There will be no extensions granted for any reason. Also, assessments will be levied on carriers for errors detected on submitted Financial Calls. In addition, any resubmission of data after the due date, whether requested or submitted on a voluntary basis, will carry an assessment charge. Note the resubmission of data is recorded by the DCRB on the actual date received as recorded within the FDRA.

ALL CORRESPONDENCE SHOULD BE MAILED TO THE FOLLOWING ADDRESS:

Delaware Compensation Rating Bureau, Inc. Attention: <u>Financial Data Reporting</u> 30 South 17th Street – Suite 1500 Philadelphia, PA 19103-4007

New carriers must submit a completed Designation of Contact Person form to the DCRB. It is the carrier's responsibility to notify the DCRB in writing of any changes to contact person information, including FDRA User IDs and Passwords. Copies of the Designation of Contact Person form can be secured at any time by contacting Financial Data Reporting at (215) 568-2371 or visiting our website at www.dcrb.com. All changes must be sent to the address shown above.

# IV. GROUP REPORTING

As noted in the instructions for the various Calls, carriers have the option of reporting their data on a group basis or an individual carrier basis.

The FDIP and its attendant assessments will be applied in the same manner as the data is reported. Thus, assessments will be levied on a group basis if the data is reported on a group basis. Likewise, assessments will be levied on an individual carrier basis if the data is reported on an individual carrier basis.

Carriers are advised to consider the potential costs associated with individual versus group reporting as related to assessments under the FDIP.

## V. PROCEDURES

### A. Timeliness

1. General

Assessments for late submissions will be governed by the required due date for the particular Form or Call. If the carrier's FDRA submission is not received on or prior to the required date due, that particular submission will be considered late and assessments will accrue until the data is submitted.

The FDRA automatically logs all submission dates and retains the dates as proof of submission. The DCRB will refer to the Submitted Calls display within the FDRA to verify submission dates when calculating late fees. When submitting information including correspondence to the DCRB, it is the carrier's responsibility to retain all receipts for proof of mailing (i.e., certified mail return receipt, FDRA Call submission receipts, etc.) to support its case in the event of a carrier appeal.

2. Assessments -- Original Submissions

The Acknowledgement Form, Statutory Page 14 and Calls #1, #4, #8, #9, #12 and #15 will be grouped as a single entity and Call #2 will be treated as a second, separate entity for purposes of levying assessments.

ASSESSMENTS FOR TIMELINESS WILL CONSIST OF A PER DAY AMOUNT AS FOLLOWS:

Late fee of \$50 per business day per entity subject to a maximum total of \$5,000 in late submission assessments. Business days will exclude Saturdays, Sundays, and generally

recognized holidays.

3. Assessments -- Resubmissions

The resubmissions of Calls #1, #2, #4, #8, #9, #12, #15 and Statutory Page 14 will be subject to a \$100 fee per entity per submission, whether requested or submitted on a voluntary basis. Each resubmission sent will be subject to this charge. The Acknowledgement Form will not be subject to resubmission fees within the FDIP. No quality edit assessments will be applied to any data corrected by a voluntary resubmission received before the carrier is advised of the edit failure by the DCRB, but the flat resubmission rate of \$100 will still be applicable.

4. Assessments -- Completeness

Calls that are submitted without all the pages completed will be considered late and subject to the same late fee of \$50 per day per entity.

Partial submissions will not be considered in determining assessments for completeness, and the date that the completed submission is received will be considered the receipt date for purposes of the FDIP. All Calls for a carrier/group will be edited at the same time. At that time, fees for late submissions will stop accruing. Forms and Calls which have not been received by that time will simply be considered in error for purposes of editing and quality assessment.

# **B.** Quality

## General

Assessments for the quality of data submitted will be based on three levels of editing.

- a. Preliminary Edits -- Preliminary edits are criteria that apply to all Forms and Calls and are prerequisites to the DCRB's processing of a carrier's submission. Failure of one or more preliminary edits will subject a company to assessments for timeliness and/or completeness according to the \$50 per day Late Submission Assessment described above. Major sources of preliminary edit errors are incomplete pages that may impede the processing of the Forms and Calls.
- b. Basic Edits -- Basic edits are primarily validation checks that identify conditions that can only occur as the result of an error or omission and can be determined based on a comparison of data elements on one or more statistical calls. Major sources of basic edit errors are incorrect arithmetic or careless data entry. All basic edits are contained within the FDRA and must be run by the carrier prior to submission. If basic edits are not resolved at the time of submission, carriers will be notified of those errors in a criticism letter sent via certified mail with return receipt requested.

Assessments for basic edit errors will be charged according to the Financial Data Error Assessment Schedule. This schedule includes a flat fee component and a component which reflects a carrier's market share (rounded to one decimal place - for example 3.45 percent would be rounded to 3.5 percent). The assessment schedule applies for a maximum period of 55 business days.

Carriers will be notified by letter, sent via certified mail with return receipt requested, of failed edits. Once the carrier has received notification of the failed edits, each

subsequent day will generate charges according to the Assessment Schedule until such time as the carrier submits accurate revisions to its Data Calls.

Subsequent to issuing a criticism letter, the DCRB will record the date of the criticism letter into the Criticism section of the FDRA.

The DCRB will issue a reminder letter, sent via certified mail with return receipt requested, no later than 21 days after the initial failed edit letter has been sent, if the DCRB receives no response from a carrier. Apart from that single reminder letter, the DCRB will not initiate additional interim contacts with a carrier during the time that the carrier is responsible for working to provide explanations and/or corrections for failed edits and/or inquiries. It is the carrier's responsibility to be aware that assessment days and fines are accruing and that explanations and/or resubmissions are required as soon as possible.

Carriers are reminded that changes to one Call may well have an impact on other Calls and on reconciliation pages. The FDRA edit process will be helpful in identifying those situations; however, it is the carrier's responsibility to be mindful of such situations and make all corrections as appropriate.

Upon receipt of resubmissions, the DCRB will edit the carrier's data. If errors are found to continue and/or new problems are created, notification by letter sent via certified mail with return receipt requested will again be made to the carrier, and assessments will again be invoked. For assessment purposes, the count of business days without revision will start where it had left off upon the DCRB's receipt of the prior resubmission. For example, assume a carrier submits a revision on the 15th day after notification by the DCRB and incurs assessments corresponding to 15 business days on the Assessment Schedule. If that carrier is subsequently notified of continuing errors by the DCRB, the Assessment Schedule will apply beginning at the 16th business day.

If a carrier's response, in the form of a resubmission and/or explanation, to a criticism letter is found to be incomplete, i.e., it does not address all failed edits or inquiries identified by the DCRB, or if the carrier advises the DCRB that they are continuing to work on resolving a failed edit(s), the carrier will continue to be assessed from the date of receipt of the DCRB's previous failed edit inquiry letter. In the latter case, as previously noted, the DCRB will not initiate additional interim contacts with the carrier during the time that the carrier is responsible for working to provide explanations and/or corrections for failed edits and/or inquiries. It is the carrier's responsibility to be aware that assessment days and fines are accruing and that explanations and/or resubmissions are required as soon as possible.

Resubmissions and/or explanations which, upon a cursory review by the DCRB, do not satisfy our requirements will not be accepted, and incentive charges will continue to accrue until a complete resubmission is provided.

c. Actuarial Edits -- Actuarial edits are checks on the reasonableness of data.

Many of the actuarial edits are contained within the FDRA, and those edits must be run prior to the submission of a carrier's data. Actuarial edit issues identified with the FDRA edit process should be resolved and/or satisfactorily explained at the time of submission. Additional edits not contained within the FDRA edit process will be performed by the DCRB. Those edits will generally focus on unusual reporting patterns and will also be brought to the carrier's attention in a criticism letter.

Actuarial edit criticisms will allow for a ten business day period for the carrier to respond before being subjected to the Financial Data Error Assessment Schedule described above. If the carrier satisfactorily responds within that timeframe without the necessity for resubmissions, no actuarial edit assessment will be imposed. For a response to be considered satisfactory, a carrier should describe the relevant factors that caused the condition in question. Asserting the accuracy of the reported data without written detail will not be considered a satisfactory response. Explanations that merely identify the source of the error without correcting the error condition will also not be considered acceptable.

If a carrier is already incurring Assessment Schedule charges due to basic edit errors, no additional assessments will be made beyond that indicated by the Assessment Schedule.

If a carrier had previously incurred charges due to basic edit errors which were subsequently corrected, actuarial edit charges will commence at the first business day subsequent to the point at which basic edit charges ceased. For example, if a carrier had previously been charged with basic edit error assessments corresponding to 15 business days, then a lack of response by the 11th day to actuarial edit inquiries will be considered the 16th business day on the Assessment Schedule.

Carriers that have submissions failing basic and/or actuarial edits will be contacted in writing by the DCRB (and possibly by telephone, e-mail or fax) and advised of the error condition. The DCRB will mail the letter via certified mail with a return receipt requested allowing the DCRB to be notified of the date the letter was received. The date the letter or fax is received will determine when the assessment period begins. If a corrected resubmission is faxed or electronically transmitted that same day and the data is correct or a satisfactory explanation is received, there will be no quality/error assessment. In these circumstances, a resubmission charge will still apply.

The DCRB may require resubmission by the carrier of experience for the prior calendar year period to be consistent with changes or corrections in response to basic and/or actuarial edit criteria which are reflected in the most recent experience. When such resubmission is required, the DCRB's request shall be of like standing with any other correction and/or explanation required under terms of the FDIP.

### C. Maximum Assessment

All assessments in total are subject to a maximum of 50 percent of the second prior Calendar Year Direct Net Written Premium per the Statutory Page 14. In the event that application of the Assessment Schedule as set forth herein produces indicated assessments in excess of such amount, the maximum assessment will apply. For example, during the 2020 processing of 2019 data, a carrier's 2018 Direct Written Premiums will be used to determine the maximum allowable assessment.

# VI. COLLECTION OF ASSESSMENTS

When the entire editing process has been completed, a summary of assessments according to our records will be mailed to each carrier. The amount assessed will be due upon receipt.

# **VII. APPEAL PROCEDURES**

# A. Appeal

Carriers will have 31 days after receipt of the DCRB's notice of assessments to appeal the propriety of any assessments.

Any appeal of assessment must be made in writing and must set forth all factors which the carrier wishes to be considered in review of the appeal. Appeals must be sent to:

Delaware Compensation Rating Bureau, Inc. <u>Financial Data Reporting</u> – FDIP Appeals 30 South 17<sup>th</sup> Street – Suite 1500 Philadelphia, PA 19103-4007

Facsimile submission of appeals may be made to the above addressee at (215) 564-4328.

Appeals of lateness charges should be supported by documentation showing the date received at the DCRB as evidence of timely submission of the Call or submission of the Call fewer days late than assessed. Submission dates will automatically be tracked within the FDRA.

Appeals of quality edit charges should be supported by an explanation of why the submission was correct and/or adequately explained and documentation that such explanation was submitted in a timely manner.

Documentation for the timing of submissions by carriers could include certified mail return receipts, signed and returned DCRB transmittal letters, etc., although submissions will generally be tracked within the FDRA.

Appeals will be reviewed by DCRB staff and management, and carriers will be advised in writing of the DCRB's final decision in appeals within 31 days after the carrier's receipt of the acknowledgment by the DCRB. In the event that a carrier remains dissatisfied with the DCRB's final decision, the carrier has 31 days after the receipt of the DCRB's final decision letter to request a hearing in the matter before the DCRB's Governing Board. The carrier's original appeal and the DCRB's final decision letter will be submitted to the Governing Board for review, and the carrier and DCRB staff will be given an opportunity to present their positions and answer questions from the Governing Board. Appeals will be scheduled at the next executive session of the Governing Board which occurs 20 or more days after the DCRB receives notice that the carrier wishes to appeal a final decision to the Governing Board.

# **B.** Acknowledgment

The DCRB will send a letter acknowledging the appeal of an assessment within 14 days of receipt by the DCRB.

# C. Response

Within 31 days of acknowledgment, the DCRB will respond to the carrier's appeal with an explanation of the reasons for affirming, modifying or withdrawing the assessment charges. If the assessment is subject to further review, the carrier will be so notified.

# **VIII. EDIT DESCRIPTIONS**

Attached for general reference are basic and actuarial edit descriptions. These lists are provided to assist the carriers in identifying common types of edit failures. It should be noted that actuarial edit standards are not rigid criteria but rather identify situations requiring an explanation or further investigation to verify accuracy.

Also, the edit descriptions are not all-inclusive. There may be other types of data problems which could result in the carrier filing a revision and incurring assessments.

XXXX - Denotes that the edit applies separately to each individual policy year. XX - Denotes that edit applies separately to each column, line or section as indicated. Value - Denotes the value for the cell being referenced.

EDIT DESCRIPTIONS DELAWARE

I. BASIC EDITS

A. POLICY YEAR CALL #1

i. BASIC EDITS - EXCLUSIVE TO CALL #1

	Edit Description
1	The sum of all policy years must be equal to Line (X). Please correct the data.
2	The sum of Total Paid (Col 4), Total Outstanding Excluding IBNR (Col 5) and Total IBNR (Col 6) must be equal to Total Incurred Losses Including IBNR (Col 7). Please correct the data.
3	The sum of Indemnity Paid (Col 9) and Medical Paid (Col 10) must be equal to Total Paid (Col 4). Please correct the data.
4	The sum of Indemnity IBNR (Col 13) and Medical IBNR (Col 14) must be equal to Total IBNR (Col 6). Please correct the data.
5	The sum of Indemnity IBNR (Col 13) and Medical IBNR (Col 14) must be equal to Total IBNR (Col 6). Please correct the data.
6	Question #1 on Section #2 should not be left blank. Please provide an answer.
7	Question #2 on Section #2 should not be left blank. Please provide an answer.
8	Question #3 on Section #2 should not be left blank. Please provide an answer.
9	Policy Year if the response to Question #1 on Section #2 is 'No', Indemnity Case and Bulk reserves (Col 15+16) must be equal to Indemnity Outstanding Excluding IBNR (Col 11) Please correct the data.
10	Policy Year, if the response to Question #1 on Section #2 is 'No', Medical Case and Bulk reserves (Col 17+18) must be equal to Medical Outstanding Excluding IBNR (Col 12) Please correct the data.
11	If the response to Question #1 on Section #2 is 'Yes', then Case and Bulk reserves (Col 15,16,17 and 18). Policy Year, Column (XX) should not be reported. Please correct the data.
12	If the response to Question #1 on Section #2 is 'No', then Indemnity Bulk (Col 16) or Medical Bulk (Col 18) should be reported. Please correct the data.
13	The sum of Closed Indemnity Claim Counts (Col 19) and Open Indemnity Claim Counts (Col 20) must be equal to Incurred Indemnity Claim Counts (Col 8) for Policy Year Please correct the data. [Applicable to Policy Years 1993 & subsequent]
14	Line (Z) must be equal to Line (X) minus Line (Y). Please correct the data.
15	The sum of ALAE Paid, ALAE Case and ALAE Bulk + IBNR (Col 23, 24 + 25) must be equal to ALAE Incurred (Col 26) for all lines. Please correct the data.
16	Policy Year All data should be non-negative except for Bulk and IBNR Reserves (Col 6, 13, 14, 16 and 18). Column (XX) Please correct the data.
17	Policy Year If Total Incurred Losses including IBNR (Col 7) are reported then Standard at Bureau DSR Level (Col 1), Standard at Company Level (Col 2) and Net Premium (Col 3) must be reported . Please correct the data.
18	Policy Year If Indemnity Paid (Col 9) or Indemnity Outstanding Excluding IBNR (Col 11) are reported, then Incurred Indemnity Claim Count (Col 8) must be reported. Please correct the data.
19	Policy Year, If Indemnity Paid (Col 9) and Indemnity Outstanding Excluding IBNR (Col 11) are equal to zero, then Incurred Indemnity Claim Count (Col 8) should be equal to zero. Please correct the data.
20	Policy Year If Closed Indemnity Claim Counts (Col 19) are reported, then Indemnity Paid (Col 9) must be reported. Please correct the data. [Applicable to Policy Years 1993 & subsequent].
21	Policy Year If Indemnity Paid (Col 9) equals zero, then Closed Indemnity Claim Counts (Col 19) must equal zero. Please correct the data. [Applicable to Policy Years 1993 & subsequent].
22	Policy Year If Open Indemnity Claim Counts (Col 20) are reported, then Indemnity Outstanding Excluding IBNR (Col 11) should be reported. Please correct the data. [Applicable to Policy Years 1993 & subsequent]
23	Policy Year If Open Indemnity Claim Counts (Col 20) equals zero, then Indemnity Outstanding Excluding IBNR (Col 11) should be equal to zero unless only Bulk reserves (Col 16+18) are being reported. Please correct the data. [Applicable to Policy Years 1993 & subsequent].
24	Policy Year Indemnity Paid On Closed Claims (Col 21) must be less than or equal to Indemnity Paid (Col 9)
25	Policy Year Medical Paid On Closed Claims (Col 22) must be less than or equal to Medical Paid (Col 10) Please correct the data.

### ii. BASIC EDITS - COMPARING THE CURRENT YEAR'S CALL #1 TO THE PRIOR YEAR'S CALL #1

	Edit Description
26	Column (XX), Line (Y) from the current Policy Year Call must equal Column (XX), Line (X) from the prior Policy Year Call. Since your company is reporting a change from last year's valuation, please verify the accuracy of the data. If either report is incorrect, send a revised report. If it is correct, provide an explanation.
	If the answer selected for Question #2 on the current year's call does not equal the answer selected for the prior year's call, then the answer to Question #3
27	should be 'Yes' Please verify your answers to questions on the current and prior year's calls.

iii. BASIC EDITS - COMPARING CALL #1 TO OTHER FINANCIAL DATA INCENTIVE PROGRAM CALLS

	Edit Description
	The value reported for Call #1, Section #3, Line (12), Standard At Bureau DSR Level (Col 1) should equal the value reported for Call #2, Section #1, Line (4)
28	. Verify the data on both reports. If the data is incorrect, submit revised report(s). If the data is correct, provide a detailed explanation.
20	
	The value reported for Call #1, Section #3, Net Earned Premium Line (12), (Col 2) should equal the value reported for Call #2, Section #1, Line (2) Verify the
29	data on both reports. If the data is incorrect, submit revised report(s). If the data is correct, provide a detailed explanation.
	The value reported for Call #1, Section #3, Line (2), Standard At Bureau DSR Level (Col 1) should equal the value reported for Call #8, Standard At Bureau DSR
30	Level (Col 1), Line (Z) Verify the data on both reports. If the data is incorrect, submit revised report(s). If the data is correct, provide a detailed explanation.
	The value reported for Call #1, Section #3, Line (2), Net Earned Premium (Col 2) should equal the value reported for Call #8, Net Premium (Col 3), Line (Z)
31	The value reported for Call #1, Section #3, Line (2), rest carried memory should equal the value reported for Call #3, rest memory (Coll 3), Line (2)
31	Verify the data on bournepoints. In the data is incorrect, submit revised report(s). In the data is correct, provide a detailed explanation.
	The value reported for Call #1, Section #3, Line (2), Incurred Losses (Col 3) should equal the value reported for Call #8, Total Incurred Losses Including IBNR (Col
	7), Line (Z)
32	revised report(s). If the data is correct, provide a detailed explanation.
	The value reported for Call #1, Section #3, Line (9), Terrorism Standard At Bureau DSR Level (Col 1) should equal the value reported for Call #2, Section #1, The
	Premium Adjustment for Terrorism - Standard Basis, Line (5E) Verify the data on both reports. If the data is incorrect, submit revised report(s). If the data is
33	correct, provide a detailed explanation.
	The value reported for Call #1, Section #3, Line (9), Terrorism Net Earned Premium (Col 2) should equal the value reported for Call #2, Section #1, Premium
	Adjustment for Terrorism - Net Basis, Line (5F) Verify the data on both reports. If the data is incorrect, submit revised report(s). If the data is correct, provide a
34	detailed explanation.
	The value reported for Call #1, Section #3, Line (10), Catastrophe - Standard At Bureau DSR Level (Col 1) should equal the value reported for Call #2, Section #1,
	The value reported for Catastrophe - Standard Basis, Line ( $10$ ), catastrophe - Standard AL Duread DSR Level ( $Corr 1$ ) should equal the value reported for Catastrophe - Standard Basis, Line ( $50$ ) very the data on both reports. If the data is incorrect, submit revised report(s). If the data is
35	correct, provide a detailed explanation.
55	
	The value reported for Call #1, Section #3, Line (10), Catastrophe Net Earned Premium (Col 2) should equal the value reported for Call #2, Section #1, Premium
	Adjustment for Catastrophe - Net Basis, Line (C), catastrophe to Landon both reports. If the data is incorrect, submit revised report(s). If the data is correct, provide a

#### B. CALENDAR YEAR EXPENSE CALL #2

-----

i. BASIC EDITS - EXCLUSIVE TO CALL #2

	Edit Description
37	Total Adjustments (3G) must equal the sum of Lines (3A+3B+3C+3D+3E+3F). Please correct the data.
38	Direct Standard Earned Premiums, Line (4) should equal the sum of Direct Net Earned Premiums Line (2) + Total Adjustments Line (3G). Please correct the data.
39	Allocation Code for Commission and Brokerage, Line (6A) must be a number between 1 and 7 inclusive unless the expense amounts in Paid (Col 2) and Incurred (Col 3) both equal zero. Please correct the data.
40	Type of Insurer, Line (13) (X) must be one of the following letters: N, P, M, R, F or X. Please correct the data.
41	Premium Discount Adjustment, Line (3A), should be greater than or equal to zero. Please correct the data.
42	DE Workplace Safety Program Adjustment, Line (3F), should be greater than or equal to zero. Please correct the data.
43	Small Deductible Premium Adjustment - Standard Basis, Line (5A), should be greater than or equal to zero. Please correct the data.
44	Small Deductible Premium Adjustment - Net Basis, Line (5B), should be greater than or equal to zero. Please correct the data.
45	Large Deductible Premium Adjustment - Standard Basis, Line (5C), should be greater than or equal to zero. Please correct the data.
46	Large Deductible Premium Adjustment - Net Basis. Line (5D), should be greater than or equal to zero. Please correct the data.
47	Deductible Losses on Small Deductible Coverages - Paid, Line (12A), should be greater than or equal to zero. Please correct the data.
48	Deductible Losses on Large Deductible Coverages - Paid, Line (12B), should be greater than or equal to zero. Please correct the data.

### ii. BASIC EDITS - COMPARING CALL #2 TO OTHER FINANCIAL DATA INCENTIVE PROGRAM CALLS

	Edit Description
49	All data must be consistent and comparable to Calls #1, #8 and #9 HANDLED BY ACTUARIAL EDITS – COMPARING CALL #2 TO OTHER FINANCIAL DATA INCENTIVE PROGRAM CALLS #2-7 for Call #2 vs Calls #8 and #9. Please correct the data.
50	The Premium Adjustment for Terrorism - Standard Basis, Line (5E), should equal Call #1, Section #3, Line (9) Terrorism Standard Earned Premium, (Col 1) Please correct the data.
51	The Premium Adjustment for Terrorism - Net Basis, Line (5F), should equal Call #1, Section #3, Line (9) Terrorism Net Earned Premium (Col 2) Please correct the data.
52	The Premium Adjustment for Catastrophe - Std. Basis, Line (5G), should equal Call #1, Section #3, Line (10) Catastrophe Standard Earned Premium, (Col 1) Please correct the data.
53	The Premium Adjustment for Catastrophe - Net basis, Line (5H) should equal Call #1, Section #3, Line (10) Catastrophe Net Earned Premium (Col 2) Please correct the data.

- C. LARGE CLAIM CALL #4
  - i. BASIC EDITS EXCLUSIVE TO CALL #4

	Edit Description
	Ear Description
54	Policy Year Claim Number, Incurred Losses for prior valuation (Col 3+4+5+6) and/or current valuation (Col 7+8+9+10) must equal or be greater than 250,000. Verify the claim information reported. If incorrect, submit revised report, If correct, submit revised report as claim does not need to be reported.
55	Policy Year, Claim Number Column (XX), All data reported should be greater than or equal to zero. Please correct the data.
56	Policy Year, Claim Number Coverage Code (Col 12) must be a '1', '2', or '3'. Please correct the data.
57	Policy Year Claim Number If Coverage Code (Col 12) is a '3', then Deductible amount (Col 11) must be equal to or greater than 100,000. Please correct the data.
58	Policy Year, Claim Number, Indemnity Paid for current valuation (Col 7) should be equal to or greater than prior valuation (Col 3) Since this data is reported as an accumulated value, paid amounts normally should increase over time. Please correct the data or provide an explanation.
59	Policy Year Claim Number Medical Paid for current valuation (Col 9) should be equal to or greater than prior valuation (Col 5) Since this data is reported as an accumulated value, paid amounts normally should increase over time. Please correct the data or provide an explanation.
60	Policy Year Claim Number If the Deductible Amount (Col 11) is greater than or equal to 100,000 then the Coverage Code (Col 12) should have a value of 3. Please correct the data.
61	Policy Year Claim Number When the Policy Year does not equal the current call year, Incurred losses for prior valuation (Col 3+4+5+6) should be greater than zero. Please correct the data or provide an explanation.
62	There is a duplicate for Policy Year XXXX, Claim Number XXXX. Please correct the data or provide an explanation.
63	There are multiple entries for Claim number on the prior year Call for Policy Yearand the Claim number Please note that other edits may not be able to run against this claim. Please correct the data or provide an explanation.
64	Policy Year, Claim, has met the large claim threshhold of \$250,000 in the sum of (Col 3+4+5+6) on the present year Call and should be reported on a prior year CALL #4, Please correct the data or provide an explanation.

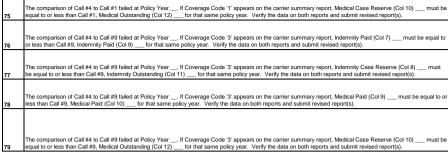

ii. BASIC EDITS - COMPARING THE CURRENT YEAR'S CALL #4 TO THE PRIOR YEAR'S CALL #4

	Edit Description
65	Policy Year, Claim Number, if Incurred Losses (Col 3+4+5+6) on the present year Call is equal to or greater than 250,000, the same Incurred Losses should be reported (Col 7+8+9+10) on the prior year Call with the same Claim Number (Col 2) Verify the data on both reports and submit revised report(s).
66	Policy Year Claim Number if Incurred Losses (Col 7+8+9+10) on the prior year Call is equal to or greater than 250,000, the same Incurred Losses should be reported (Col 3+4+5+6) of the present year Call with the same Claim Number (Col 2) Verify the data on both reports and submit revised report(s).
	Policy Year Claim Number, if Incurred Losses (Col 3+4+5+6) on the present year Call is equal to or greater than 250,000, and the Claim Number (Col 2) is the same in the prior year Call the Policy Year (Col 1) reported on the prior year's should be the same as the Policy Year (Col 1) reported on the prior year's there data on both reports and submit revised report(s).
67	
	Policy Year, Claim Number, if Incurred Losses (Col 3+4+5+6) on the present year Call is equal to or greater than 250,000, and the Claim Number (Col 2) is the same on the prior year Call, the Deductible Amount (Col 11) of the present year should be the same as the prior year's Verify the data on both reports and submit revised report(s).
68	
	Policy Year, Claim Number, if Incurred Losses (Col 7+8+9+10) on the prior year Call is equal to or greater than 250,000, and the Claim Number (Col 2) is the same on the present year Call the Deductible Amount (Col 11) of the prior year should also be the same as the present year's Verify the data on
69	both reports and submit revised report(s).
70	Policy Year Claim Number if Incurred Losses (Col 3+4+5+6) on the present year Call is equal to or greater than 250,000, and the Claim Number (Col 2) is the same on the prior year Call, the Coverage Code (Col 12) of the present year should be the same as the prior year's Verify the data on both reports and submit revised report(s).
74	Policy Year Claim Number if Incurred Losses (Col 7+8+9+10) on the prior year Call is equal to or greater than 250,000, and the claim number is the same in Column (2) of the present year Call, the Coverage Code in Column (12) of the prior year should be the same as the present year's Verify the data on both reports and submit revised report(s).
71	ערוו ופאטונג מוט געטוווג ומאפשט ופאטונק).

iii. BASIC EDITS - COMPARING CALL #4 TO OTHER FINANCIAL DATA INCENTIVE PROGRAM CALLS

_	Edit Description
72	The comparison of Call #4 to Call #1 failed at Policy Year If Coverage Code '1' appears on the carrier summary report, Indemnity Paid (Col 7) must be equal to or less than Call #1, Indemnity Paid (Col 9) for that same policy year. Verify the data on both reports and submit revised report(s).
73	The comparison of Call #4 to Call #1 failed at Policy Year If Coverage Code '1' appears on the carrier summary report, Indemnity Case Reserve (Col 8) must be equal to or less than Call #1, Indemnity Outstanding (Col 11) for that same policy year. Verify the data on both reports and submit revised report(s).
74	The comparison of Call #4 to Call #1 failed at Policy Year If Coverage Code '1' appears on the carrier summary report, Medical Paid (Col 9) must be equal to or less than Call #1, Medical Paid (Col 10) for that same policy year. Verify the data on both reports and submit revised report(s).

ii.

i. BASIC EDITS - EXCLUSIVE TO CALL #15

II. ACTUARIAL EDITS

All items on Calls #1, #2, #4, #8, #9, #12 and #15 will be checked for reasonableness. Specific examples include:

#### A. POLICY YEAR CALL #1

i. ACTUARIAL EDITS - EXCLUSIVE TO CALL #1

	Edit Description
180	The relationship between Standard Earned Premium at DCRB DSR Level and Standard Earned Premium at Company Level should be consistent with each company's filed deviations and/or loss cost multiplier(s) and underlying loss cost levels EDIT IS HANDLED MANUALLY BY THE EDITOR.
181	The value for Standard At Bureau DSR Level, Standard At Company Level, Net premium or Total Incurred Losses including IBNR (Col 1, 2, 3 or 7) for Policy Year 2019 should not be equal to Line (Z) unless both values are equal to zero.
182	Line (Z) for Standard at Bureau DSR Level (Col 1), Net Premium (Col 3) and Total Incurred Losses Including IBNR (Col 7) must be copied to the reconciliation page of the Call. IS HANDLED BY PULLING FUNCTION WITHIN FORA.
183	If Net Earned Premium is reported, Section #3, Line (12), Standard at Company Level (Col 2) then the amount reported on Section #3, Line (9), Standard at Company Level (Col 2) should not equal zero. Please correct the data.
184	If Net Earned Premium reported on Section #3, Line (12), Standard at Company Level (Col 2) then the amount reported on Section #3, Line (9), Standard at Bureau DSR Level (Col 1) should not equal zero. Please correct the data.
185	The ratio of [Section #3, Line (9), Standard at Company Level (Col 2)] / [Section #3, Line (12), Standard at Company Level (Col 2)] /) does not fall within the interval (0.00 - 0.05) If the data is correct, provide a detailed explanation regarding the relationship between the columns.
186	The ratio of [Section #3, Line (10), Standard at Company Level (Col 2) ] / [Section #3, Line (12), Standard at Company Level (Col 2)] /) does not fall within the interval (0.00 - 0.05) If the data is correct, provide a detailed explanation regarding the relationship between the columns.

187	When reporting Terrorism premium greater than zero, generally, Terrorism Standard Eamed Premium, Section #3, Line (9), (Col 1) should not equal Terrorism Net Earned Premium, Section #3, Line (9), (Col 2) If the data is correct, provide a detailed explanation regarding the relationship between the columns.
	When reporting Catastrophe premium greater than zero, generally, Catastrophe Standard Earned Premium, Section #3, Line (10), (Col 1) should not equal Catastrophe Net Earned Premium, Section #3, Line (10), (Col 2) If the data is correct, provide a detailed explanation regarding the relationship between the
188	Catastrophe Net Earned Premium, Section #3, Line (10), (Col 2) If the data is correct, provide a detailed explanation regarding the relationship between the columns.
	Policy Year Net Earned Premium reported in (Col 3) is greater than \$250,000 without any Incurred Losses (Col 7). Please verify that there are no losses for
189	this policy year and if necessary, send corrections. [Applicable to all policy years]
	Policy Year Medical Incurred reported (Col 10+12) greater than \$250,000 without any Indemnity Incurred Losses (Col 9+11). Please verify that all losses are
190	medical only and if necessary, send corrections. [Applicable to all policy years]
	Policy Year Indemnity Incurred reported (Col 9+11) greater than \$250,000 without any Medical Incurred Losses (Col 10+12). Please verify that no medical
191	losses are associated with these indemnity claims and if necessary, send corrections. [Applicable to all policy years]
192	If Net Earned Premium is reported on Section #3, Line (12), Standard at Company Level (Col 2) then the amount reported on Section #3, Line (10), Standard at Company Level (Col 2) should not equal zero. If the data is correct, provide a detailed explanation regarding the relationship between the columns.
132	
	If Net Earned Premium is reported on Section #3, Line (12), Standard at Company Level (Col 1) then the amount reported on Section #3, Line (10), Standard at
193	Bureau DSR Level (Col 2) should not equal zero. If the data is correct, provide a detailed explanation regarding the relationship between the columns.
	Policy Year if the value for Standard at Bureuau DSR Level (Col 1) is greater than or equal to 250,000, then Standard at Bureuau DSR Level (Col 1) and Standard at Company Level (Col 2) should not be equal to Net Premium (Col 3) If the data is correct, provide a detailed explanation regarding the relationship
194	Standard at Company Level (Col 2) should not be equal to Net Premium (Col 3) If the data is correct, provide a detailed explanation regarding the relationship between the columns.
	Policy Year, if the value for Standard at Bureuau DSR Level (Col 1) is greater than or equal to 250,000, then Standard at Company Level (Col 2) divided by
195	Net Premium (Col 3) should be between the range of (0.50 and 2.00) If the data is correct, provide a detailed explanation regarding the relationship between the columns.
133	
	Policy Year, if the value for Standard at Bureuau DSR Level (Col 1) is greater than or equal to250,000, then Standard at Bureuau DSR Level (Col 1) divided by Net Premium (Col 3) should be between the range of (0.50 and 2.00) If the data is correct, provide a detailed explanation regarding the relationship
196	between the columns.
197	An entry has been made in the Reason for Difference box.

### ii. ACTUARIAL EDITS - COMPARING THE CURRENT YEAR'S CALL #1 TO THE PRIOR YEAR'S CALL #1

	Edit Description
198	Paid Losses (Col 4, 9, 10, 21 and 23) for the current valuation should generally not decrease from the prior valuation. Policy Year, Column (XX) on the current Call decreases by more than \$50,000 from the prior Policy Year Call Please verify the accuracy of the data. If it is incorrect, please correct the data. If it is correct, please explain the unusual development of your data.
199	There has been a change in the discounting procedure contrary to your carrier group's 'No' response.
200	Policy YearNet Earned Premium (Col 3) was reported on last year's call but is not reported on this year's call. Please provide a correction and/or explanation for this unusual development of your data. [Applicable to policy years Prior to 1988 - 2018]
201	Policy YearNet Earned Premium (Col 3) reported on this year's callbut not reported on last year's call. Please provide a correction and/or explanation for this unusual development of your data. [Applicable to policy years Prior to 1989 - 2018]
202	Policy Year Incurred Losses (Col 7) were reported on last year's call but are not reported on this year's call. Please provide a correction and/or explanation for this unusual development of your data. [Applicable to policy years Prior to 1988 - 2018]
203	Policy Year Incurred Losses (Col 7) are reported on this year's call but were not reported on last year's call. Please provide a correction and/or explanation for this unusual development of your data. [Applicable to policy years Prior to 1989 - 2018]
204	Policy Year Claim Counts (Col 8) were reported on last year's call but are not reported on this year's call. Please provide a correction and/or explanation for this unusual development of your data. [Applicable to policy years Prior to 1988 - 2018]
205	Policy Year Claim Counts (Col 8) are reported on this year's call but were not reported on last year's call. Please provide a correction and/or explanation for this unusual development of your data. [Applicable to policy years Prior to 1989 - 2018]
206	Policy Year, Premium reported (XX) on the current year call for Column (XX), compared to the prior year call is greater than 50,000 but their ratio fails outside the range of (0.99 and 1.01). Please verify the accuracy of the data. If it is incorrect, please correct the data. If it is correct, please explain the unusual development of your data. [Applicable to Policy Years 2014 & prior]
207	Policy Year, Premium reported (XX) on the current year call for Column (XX), compared to the prior year call is greater than 50,000 but their ratio fails outside the range of (0.95 and 1.05). Please verify the accuracy of the data. If it is incorrect, please correct the data. If it is correct, please explain the unusual development of your data. [Applicable to Policy Years 2015-2016]
208	Policy Year Premium reported (XX) on the current year call for Column (XX), compared to the prior year call is greater than 50,000 but their ratio fals outside the range of (0.85 and 1.15). Please verify the accuracy of the data. If it is incorrect, please correct the data. If it is correct, please explain the unusual development of your data. [Applicable to Policy Year 2017]
209	Policy Year, Premium reported (XX) on the current year call for Column (XX), compared to the prior year call is greater than 50,000 but their ratio falls outside the range of (1.00 and 4.00). Please verify the accuracy of the data. If it is incorrect, please correct the data. If it is correct, please explain the unusual development of your data. [Applicable to Policy Year 2018]

	Policy Year, Premium reported (XX) on the current year call for Column (XX), compared to the prior year call is greater than 10,000 but their ratio
210	talls outside the range of (0,50 and 2,00). Please verify the accuracy of the data. If it is incorrect, please correct the data. If it is correct, please explain the unusual development of your data. [Applicable to policy years Prior to 1989 to 2017]
211	Policy Year Total Paid + O/S excl IBNR (Col 4+5) of the current year call compared to the prior year call is greater than 200,000 but their ratio falls outside the range of (0.97 and 1.03). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Years 2013 & prior]
212	Policy Year, Total Paid + O/S excl IBNR (Col 4+5) of the current year call compared to the prior year call is greater than 200,000 but their ratio falls outside the range of (0.96 and 1.04). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. (Applicable to Policy Years 2014)
213	Policy Year, Total Paid + O/S excl IBNR (Col 4+5) of the current year call compared to the prior year call for is greater than 200,000 but their ratio falls outside the range of (0.95 and 1.06). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. (Applicable to Policy Year 2015]
214	Policy Year, Total Paid + O/S excl IBNR (Col 4+5) of the current year call compared to the prior year call is greater than 200,000 but their ratio falls outside the range of (0.95 and 1.25). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Year 2016]
215	Policy Year Total Paid + O/S excl IBNR (Col 4+5) of the current year call compared to the prior year call for is greater than 200,000 but their ratio falls outside the range of (0.95 and 1.50). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Year 2017]
216	Policy Year, Total Paid + O/S excl IBNR (Col 4+5) of the current year call compared to the prior year call is greater than 200,000 but their ratio falls outside the range of (1.00 and 5.00). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Year 2018]
217	Policy Year, Indemnity Paid + O/S excl IBNR (Col 9+11) of the current year call compared to the prior year call is greater than 200,000 but their ratio falls outside the range of (0.96 and 1.04). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Years 2013 & prior]
218	Policy Year Indemnity Paid + O/S excl IBNR (Col 9+11) of the current year call compared to the prior year call is greater than 200,000 but their ratio falls outside the range of (0.95 and 1.06). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Years 2014]
219	Policy Year Indemnity Paid + O/S excl IBNR (Col 9+11) of the current year call compared to the prior year call is greater than 200,000 but their ratio fails outside the range of (0.95 and 1.08). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Year 2015]
220	Policy Year Indemnity Paid + O/S excl IBNR (Col 9+11) of the current year call compared to the prior year call is greater than 200,000 but their ratio falls outside the range of (0.95 and 1.32). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Year 2016]
221	Policy Year, Indemnity Paid + O/S excl IBNR (Col 9+11) of the current year call compared to the prior year call is greater than 200,000 but their ratio falls outside the range of (0.95 and 1.65). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. (Applicable to Policy Year 2017)
222	Policy Year, Indemnity Paid + O/S excl IBNR (Col 9+11) of the current year call compared to the prior year call is greater than 200,000 but their ratio falls outside the range of (1.00 and 6.5). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Year 2018]
223	Policy Year, Medical Paid + O/S excl IBNR (Col 10+12) of the current year call compared to the prior year call is greater than 200,000 but their ratio fails outside the range of (0.95 and 1.04). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. (Applicable to Policy Years 2013 & prior]
224	Policy Year, Medical Paid + O/S excl IBNR (Col 10+12) of the current year call compared to the prior year call is greater than 200,000 but their ratio fails outside the range of (0.95 and 1.06). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. (Applicable to Policy Years 2014)
225	Policy Year, Medical Paid + O/S excl IBNR (Col 10+12) of the current year call compared to the prior year call is greater than 200,000 but their ratio falls outside the range of (0.95 and 1.08). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Years 2015]
226	Policy Year, Medical Paid + O/S excl IBNR (Col 10+12) of the current year call compared to the prior year call is greater than 200,000 but their ratio falls outside the range of (0.95 and 1.32). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Year 2016]
227	Policy Year, Medical Paid + O/S excl IBNR (Col 10+12) of the current year call compared to the prior year call is greater than 200,000 but their ratio falls outside the range of (0.95 and 1.65). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Year 2017]
228	Policy Year, Medical Paid + O/S excl IBNR (Col 10+12) of the current year call compared to the prior year call is greater than 200,000 but their ratio falls outside the range of (1.00 and 6.50). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Year 2018]
229	Policy Year Indemnity Claim Counts (Col 8) of the current year call compared to the prior year call is greater than 10 Please verify the accuracy of the data. If it is incorrect, please correct the data. If it is correct, please explain the unusual development of your data. [Applicable to Policy Years 2016 & prior]
230	Policy Year, Indemnity Claim Counts (Col 8) of the current year call compared to the prior year call is greater than 10 but their ratio falls outside the range of (1.00 and 1.20). Please verify the accuracy of the data. If it is incorrect, please correct the data. If it is correct, please explain the unusual development of your data. [Applicable to Policy Year 2017]
231	Policy Year, Indemnity Claim Counts (Col 8) of the current year call compared to the prior year call is greater than 10 but their ratio falls outside the range of (1.00 and 4.00). Please verify the accuracy of the data. If it is incorrect, please correct the data. If it is correct, please explain the unusual development of your data. [Applicable to Policy Year 2018]
232	Policy Year, Total Paid (Col 4) of the current year call compared to the prior year call is greater than 200,000 but their ratio falls outside the range of (1.00 and 1.03). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. (Applicable to Policy Years 2013 & prior]

234	Policy Year Total Paid (Col 4) of the current year call compared to the prior year call is greater than 200,000 but their ratio falls outside the range of (1.00 and 1.12). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large calmas. [Applicable to Policy Year 2015]
235	Policy YearTotal Paid (Col 4) of the current year call compared to the prior year call is greater than 200,000 but their ratio falls outside the range of (1.00 and 1.35). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Year 2016]
236	Policy Year Total Paid (Col 4) of the current year call compared to the prior year call for is greater than 200,000 but their ratio falls outside the range of (1.00 and 1.90). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Year 2017]
237	Policy Year, Indemnity Paid (Col 9) of the current year call compared to the prior year call is greater than 200,000 but their ratio falls outside the range of (1.00 and 1.04). Since you are reporting a charge between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Years 2013 & prior]
238	Policy Year, Indemnity Paid (Col 9) of the current year call compared to the prior year call is greater than 200,000 but their ratio falls outside the range of (1.00 and 1.05). Since you are reporting a charge between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Year 2015]
308	Policy Year, Total Paid + O/S excl IBNR (Ccl 4+5) of the current year call compared to the prior year call is greater than 200,000 but their ratio fails outside the range of (0.95 and 1.25). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any irange claims. (Applicable to Policy Year 2016)
309	Policy Year Total Paid + O/S excl IBNR (Col 4+5) of the current year call compared to the prior year call for is greater than 200,000 but their ratio fails outside the range of (0.95 and 1.50). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. (Aplicable to Policy Year 2017)
310	Policy Year Total Paid + O/S excl IBNR (Col 4+5) of the current year call compared to the prior year call is greater than 200,000 but their ratio falls outside the range of (1.00 and 5.00). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Year 2018]
	Policy Year, Indemnity Paid + O/S excl IBNR (Col 9+11) of the current year call compared to the prior year call is greater than 200,000 but their ratio
311	correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Year 2013 & prior] Policy Year Indemnity Paid + O/S excl IBNR (Col 9+11) of the current year call compared to the prior year call is greater than 200,000 but their ratio falls outside the range of (0.95 and 1.06). Since you are reporting a change between current and previous valuations that is outside our expected range, please
312	correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Year 2014] Policy Year Indemnity Paid + O/S excl IBNR (Col 9+11) of the current year call compared to the prior year call is greater than 200,000 but their ratio falls outside the range of (0.95 and 1.08). Since you are reporting a change between current and previous valuations that is outside our expected range, please
313	correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Year 2015] Policy Year Indemnity Paid + O/S excl IBNR (Col 9+11) of the current year call compared to the prior year call is greater than 200,000 but their ratio falls outside the range of (0.95 and 1.32). Since you are reporting a change between current and previous valuations that is outside our expected range, please
314	correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Year 2016] Policy Year, Indemnity Paid + O/S excl IBNR (Col 9+11) of the current year call compared to the prior year call is greater than 200,000 but their ratio
315	falls outside the range of (0.95 and 1.65). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Year 2017] Policy Year Indemnity Paid + O/S excl IBNR (Col 9+11) of the current year call compared to the prior year call is greater than 200,000 but their ratio
316	falls outside the range of (1.00 and 6.50). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Year 2018]
317	Policy Year Medical Paid + 0/S excl IBNR (Col 10+12) of the current year call compared to the priory year call is greater than 200,000 but their ratio falls outside the range of (0.96 and 1.04). Shore you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Years 2013 & prior]
318	Policy Year Medical Paid + O/S excl BINR (Col 10+12) of the current year call compared to the prior year call is greater than 200,000 but their ratio falls outside the range of (0.95 and 1.06). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Years 2014]
319	Policy Year Medical Paid + O/S excl IBNR (Col 10+12) of the current year call compared to the prior year call is greater than 200,000 but their ratio falls outside the range of (0.95 and 1.08). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Year 2015]
320	Policy Year, Medical Paid + O/S excl IBNR (Col 10+12) of the current year call compared to the prior year call is greater than 200,000 but their ratio falls outside the range of (0.95 and 1.32). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Year 2016]
321	Policy Year Medical Paid + O/S excl IBNR (Col 10+12) of the current year call compared to the prior year call is greater than 200,000 but their ratio fails outside the range of (0.95 and 1.65). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Years 2017]
322	Policy Year Medical Paid + O/S excl IBNR (Col 10+12) of the current year call compared to the prior year call is greater than 200,000 but their ratio fails outside the range of (1.00 and 6.50). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Year 2018]
323	Policy Year Indemnity Claim Counts (Col 8) of the current year call compared to the prior year call is greater than 10 Please verify the accuracy of the data. If it is incorrect, please correct the data. If it is correct, please explain the unusual development of your data. [Applicable to Policy Years 2016 & prior]
324	Policy Year Indemnity Claim Counts (Col 8) of the current year call compared to the prior year call is greater than 10 but their ratio falls outside the range of (1.00 and 1.20). Please verify the accuracy of the data. If it is incorrect, please correct the data. If it is correct, please explain the unusual development of your data. [Applicable to Policy Year 2017]
325	Policy Year Indemnity Claim Counts (Col 8) of the current year call compared to the prior year call is greater than 10 but their ratio falls outside the range of (1.00 and 4.00). Please verify the accuracy of the data. If it is incorrect, please correct the data. If it is correct, please explain the unusual development of your data. (Applicable to Policy Year 2018)

Policy Year, Total Paid (Col 4) of the current year call compared to the prior year call is greater than 200,000 but their ratio falls outside the range of (1:00 and 1.03). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large calimas. [Applicable to Policy Years 2013 & prior]
Policy YearTotal Paid (Col 4) of the current year call compared to the prior year call is greater than 200,000 but their ratio falls outside the range of (1.00 and 1.06). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Year 2014]
Policy YearTotal Paid (Col 4) of the current year call compared to the prior year call is greater than 200,000 but their ratiofalls outside the range of (1.00 and 1.12). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Year 2015]
Policy YearTotal Paid (Col 4) of the current year call compared to the prior year call is greater than 200,000 but their ratiofalls outside the range of (1.00 and 1.35). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Year 2016]
Policy Year Total Paid (Col 4) of the current year call compared to the prior year call for is greater than 200,000 but their ratio falls outside the range of (1.00 and 1.90). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Year 2017]
Policy Year Indemnity Paid (Col 9) of the current year call compared to the prior year call is greater than 200,000 but their ratio falls outside the range of (1.00 and 1.04). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development dyour data giving details of any large datims. (Applicable to Policy Years 2013 & prior)
Policy Year Indemnity Paid (Col 9) of the current year call compared to the prior year call is greater than 200,000 but their ratio falls outside the range of (1.00 and 1.08). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Year 2014]
Policy Year Indemnity Paid (Col 9) of the current year call compared to the prior year call is greater than 200,000 but their ratio falls outside the range of (1.00 and 1.12). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Year 2015]
Policy Year Indemnity Paid (Col 9) of the current year call compared to the prior year call is greater than 200,000 but their ratio falls outside the range of (1.00 and 1.47). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development dy our data gring details of any large claims. (Applicable to Policy Year 2016)
Policy Year Indemnity Paid (Col 9) of the current year call compared to the prior year call is greater than 200,000 but their ratio falls outside the range of (1.00 and 2.20). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data gring details of any large claims. (Applicable to Policy Year 2017)
Policy YearMedical Paid (Col 10) of the current year call compared to the prior year call is greater than 200,000 but their ratio falls outside the range of (1.00 and 1.04). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data gring details of any large claims. (Copicable to Policy Years 2013 & prior)
Policy Year, Medical Paid (Col 10) of the current year call compared to the prior year call is greater than 200,000 but their ratio falls outside the range of (1.00 and 1.08). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the nursual development of your data giving details of any large claims. (Applicable to Policy Years 2014)
Policy Year Medical Paid (Col 10) of the current year call compared to the prior year call is greater than 200,000 but their ratio falls outside the range of (1.00 and 1.12). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the nursual development of your data gring details of any large claims. (Copicable to Policy Year 2015)

Policy Year \_\_, Medical Paid (Col 10) of the current year call \_\_\_\_ compared to the prior year call \_\_\_\_ is greater than 200,000 \_\_\_ but their ratio \_\_\_\_ falls outside the range of (1.00 and 1.47). Since you are reporting a charge between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Year 2016] 339

Policy Year \_\_\_\_\_ Medical Paid (Col 10) of the current year call \_\_\_\_\_ compared to the prior year call \_\_\_\_\_ is greater than 200,000 \_\_\_\_ but their ratio \_\_\_\_\_ falls outside the range of (1.00 and 2.20). Since you are reporting a change between current and previous valuations that is outside our expected range, please correct the data or explain the unusual development of your data giving details of any large claims. [Applicable to Policy Years 2017] 340
