**PENNSYLVANIA AND DELAWARE
CALL FOR EXPERIENCE #4**

CALL FOR WORKERS' COMPENSATION LARGE CLAIM EXPERIENCE BY POLICY YEAR, VALUED AS OF DECEMBER 31, 2023 AND DECEMBER 31, 2024 - DUE MARCH 17, 2025 IN DELAWARE AND APRIL 15, 2025 IN PENNSYLVANIA

In accordance with the approved statistical program, you are requested to file with the Bureaus on or before March 17, 2025 in Delaware and April 15, 2025 in Pennsylvania, your compensation experience by policy year valued as of December 31, 2024. **Data reported in this Call is subject to the Financial Data Incentive Program (FDIP) and must be submitted using the Financial Data Manager (FDM).**

We are asking for detailed claim data on any claim for which the sum of the accumulated total paid losses and total case reserve valued as of December 31, 2023 and/or December 31, 2024 exceeds \$250,000 in Delaware or \$500,000 in Pennsylvania, in any of the policy periods from prior to 1994 to 2024. For each such claim, you must provide the Bureaus with data for both the December 31, 2023 and the December 31, 2024 valuations regardless of whether one of the two evaluations falls below the threshold.

The Accident Date for each claim should be reported in Column 3.

Claim numbers should be consistent across all data sets reported to the Bureaus (ex. financial data calls, unit statistical reports, medical data calls and indemnity data calls) to help facilitate data comparison and reconciliation analysis.

Claim numbers can only be used once per Policy Year.

Losses are to be reported on a gross basis, i.e., prior to any reduction for reimbursable deductibles. Please indicate the amount of the deductible, if applicable, in Column 12.

For a detailed explanation of the Losses that should be reported refer to the Call #1 instructions: pages 9-11.

Subrogation—In some instances, a carrier is able to recover some or all of the paid losses from a third party. Such recoveries are called “subrogation.” Paid losses should be reduced by any losses recovered (actual, not anticipated) through subrogation, but under no circumstances should the reduction be more than the original paid loss.
